Respected VCS Parents,

As you know, we sent out a survey last Friday to VCS parents to check on their opinions regarding the possibility of reopening the school starting next trimester. 85% of VCS parents responded and the results are attached below:

If these were the instructional models offered, in which would you enroll your child?

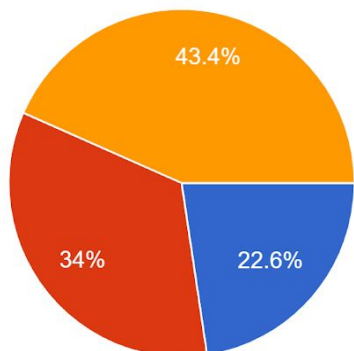

53 responses

- Traditional- Students will attend 4 days of face-to-face instruction where increased hygiene and sanitation will be implemented. Social distancing in the...
- Online- Students will receive 4 days of online curriculum and instruction. A device can be provided by the school if necessary. Students may be asked to...
- Hybrid Model- Students will be divided into two groups. Each group would have two days of face-to-face instruction an...

If you chose the Traditional or Hybrid Model, when do you think students should return to campus?

53 responses

- Start of 2nd Trimester (Mid-November)
- After Winter break (2nd week of January)
- N/A- I chose Online Model.

The administration met with the school board Thursday October 15th, to present the survey results and to finalize whether or not it is safe to bring our students back on campus based on the current pandemic situation. After careful deliberation, keeping students' safety as well as parents' feedback in mind, the board decided that parents will be given the option to either bring their children back to campus after winter break or continue distance learning. The well-being of our students and staff is of utmost importance to all of us. We would like to have our students back on campus as soon as we possibly can without jeopardizing their safety.

Thank you for understanding and please feel free to reach out to the administration for any questions.
